Chernoff Faces

Web-App 1.0

MANUAL

Content

Caution: since auto-play of sound files has no longer been possible in many browsers since around 2017, the sound on-button (1) must unfortunately be pressed separately when visiting each individual simulation.

SOUND ON

SOUND OFF

NO. CURR. VISITORS:

BACK

QUIT

PRVSS

This device complies with Part 16 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

1. Sound on
2. Mute sound
3. Number of other visitors to the current simulation
4. Leaving the current simulation
5. Back to the previous simulation
6. Go to next simulation

WHAT YOU NEED
To use the Chernoff web app, you need:
- A smartphone
- A tablet
- A personal computer (Mac/Win/Linux/Ubuntu)
- A laptop (Mac/Win/Linux/Ubuntu)
- A internet connection

PROBLEMS AND DYSFUNCTIONS
The Chernoff Faces web app is a small website that is optimised for smart-phones, but can also be used with tablets and computers. It is hosted via the developer platform https://github.com/. If any problems or malfunctions occur during use, please report them as an issue at https://github.com/maltehueckstaedt/cf/issues. Our support team will get back to you within a few days.

OPEN SOURCE
The Chernoff Faces are supporters of the idea of open source. Accordingly, the source code of the Chernoff Faces web app is public, which means that users and developers can view, understand, test and further develop our codes.

SUPPORT AND FEEDBACK
Your opinion is important to us. If you have any questions or encounter any problems, our support team is always available to help. Visit us either on Instagram (*chernoff_faces*) or open an issue on GitHub (see above).
